

# OTC - Offshore Technology Conference

01/05/2017 - 04/05/2017

Houston - Estados Unidos

OTC Houston is the leading forum for the exchange of ideas and opinions on the advancement of scientific and technical knowledge for the safe, environmentally friendly and sustainable development of offshore oil and gas resources. The 2016 event was the third largest in its history. OTC 2016 featured 11 panel sessions, 24 presentations, and over 325 technical paper presentations. International and local oil company representatives, government officials, and academics.
