

PROJETO COMPRADOR FENASUCRO 2017

11/08/2017 - 14/08/2017

Sertãozinho - SP

The buyer project organizes visits by international buyers from companies in metalworking industries, including infrastructure, oil and gas, energy, mining and steel manufacturing. The buyers participate in networking sessions with local companies and schedule visits to their facilities to learn about their products. Consulting services are also provided to adapt projects to the target markets. This buyer project is set to take place during the 2017 Fenasucro Fair.

I WANT TO PARTICIPATE
