

PC DESIGN WEEKEND - 2017

10/08/2017 - 11/08/2017

São Paulo - SP

Design Weekend is the most important event promoting design culture and its relation to the furniture industry, as well as architecture, art, interior decoration, business, and technological innovation. It involves a number of independent concurrent events organized into an official schedule. For this reason, the buyer project that occurs during DW! is strategic in attracting potential international buyers. 50 international buyers are expected to participate in this edition.
