

FISE

25/11/2015 - 27/11/2015

Medellin - Colômbia

FISE, the International Fair of the Electrical Industry has specialized itself as a business meeting of high complexity for exhibitors, visitors and the public sector. It focuses on challenges of the electricity sector and combines technological advances with area for interaction with a prospective vision. Now in its 5th year, FISE found a way for its members of the electric sector to seek new business options and increase their participation in national and international markets.
