

I/ITSEC

01/12/2015 - 04/12/2015

Orlando - Estados Unidos

In 2013, eight Brazilian companies attended this event, which is of global reference in education, training and defense and security simulation areas, integrating the industry, universities and governmental bodies. Representatives of the three Brazilian Armed Forces in the areas of defense and simulation have attended the event with ABIMDE. The simulation and cybernetics sectors stand out for being priorities for the Armed Forces.

I WANT TO PARTICIPATE
