

Kidscreen Summit

08/02/2016 - 10/02/2016

Nova Iorque - Estados Unidos

The market receives around 1600 participants annually, from 47 different countries. It's not a regular stands fair (although there's some small booths for promotions – around 10 in the 2014's edition). The focus of the event is the conferences (around 150 speakers in 2014) and networking actions.
