

Missão Austrália 2016

08/09/2016 - 12/09/2016

Sidney - Austrália

This is a mission that includes multiple industries, designed to increase trade between Brazil and the target country and to explore the possibilities for cooperation between the manufacturing sectors of these markets. The project will spearhead the implementation of a long-term trade and investment strategy with Australia in order to increase trade and create opportunities for Brazilian businesses.
