

IDEX - The International Defence Exhibition and Conference

19/02/2017 - 23/02/2017

Catar - Emirados Árabes Unidos

IDEX is the most important defense and security trade show in the Middle East. It's an important event for Brazilian companies seeking to sell their products in this prosperous region. The success of the 14 Brazilian companies that participated in last year's event will certainly attract even more member companies of the Brazilian Defense and Security Materials Industries Association (ABIMDE) to IDEX 2017.

I WANT TO PARTICIPATE
