

PROJETO COMPRADOR BIJUTERIA E FOLHEADOS 2017

22/03/2017 - 22/03/2017

São Paulo - SP

The Buyer Project for the plated and costume jewelry segments will be carried out in partnership with trading companies. After the matchmaking actions in various plated and costume jewelry production centers in Brazil, we will work with the trading companies to create a list of potential buyers to attend the event in 2017. The networking sessions will take place in São Paulo. The date and location of the networking sessions will be scheduled with the participants after the matchmaking sessions.
