

Projeto Vendedor - Setor Metal Mecânico Colômbia 2017

04/07/2017 - 09/07/2017

Bogotá - Colômbia

The project will prospect potential buyers for the products and services of metalworking companies through matchmaking actions and conduct networking sessions and site visits. The sales project is organized at a pre-determined location and the schedule will include 2 days of networking sessions and 2 days of site visits to buyer companies.
