

# Expoelectrica

02/06/2015 - 04/06/2015

Cidade do México - México

The International Expoelectrica is the best business platform for control, automation, lighting and electric material. Brazil participates in the International Fair with exhibitors in the Brazil Pavilion in the automation and energy verticals. In this exhibition you can find the main technological innovations needed to optimize energy consumption and improve the automation and control in various industrial processes, trade, tourism sector and government in the construction sector.
