

MIDEM 2017

06/06/2017 - 09/06/2017

Cannes - França

Midem is perhaps the most traditional and inclusive international trade show in the world and has been around for 40 years. It hosts exhibitors from about 90 countries and close to 6,000 professionals participate in the event. It is geared primarily toward recording studios, publishers, and distributors, however in the last 4 years it has seen an increase in the participation of technology companies working in the music industry.

I WANT TO PARTICIPATE
