

MISSÃO COMERCIAL - BRAZILIAN ENGINEERING COMES TO ARGENTINA

31/07/2017 - 03/08/2017

Buenos Aires - Argentina

This Prospecting Mission aims at increasing international opportunities for Brazilian companies providing engineering consulting services. Argentina is a target market for the industry and the mission will organize a road show in the country's two most important cities. This event will consist of a morning seminar, a business lunch, and afternoon networking sessions. The delegation will meet with stakeholders, potential buyers from both the public and private sectors, and local service providers

I WANT TO PARTICIPATE
