

17.º EFPRA - Congresso da Associação Europeia de Processadores de Gordura e Renderers.

31/05/2017 - 03/06/2017

Hamburgo - Alemanha

The congress facilitates networking sessions with participants from around the world as it brings together animal by-product processors, suppliers, and customers from various countries. The event addresses issues such as food safety and the use of processed animal proteins in Atlantic salmon production, species identification with a focus on the current situation and upcoming challenges.

I WANT TO PARTICIPATE
