Path Festival

13/05/2016 - 15/05/2016

São Paulo - Brasil

The Path Festival is a mix of lectures, concerts, movies and food fair. It all happens at the same time, with a varied schedule. In 2015, the action takes place in the Pinheiros neighborhood (São Paulo), where the Path Festival will take the Tomie Ohtake Institute, the museum A CASA, the Estúdio, Fnac and the Praça dos Omaguás space. The route can be done on foot, because everything is nearby.
