

RioContentMarket

08/03/2016 - 11/03/2016

Rio de Janeiro - Brasil

The event is structured in two main pillars: conferences (case presentation, seminars, debates, lectures) and business rounds (meetings scheduled in advance with the support of the event's organization). The event, created in 2011, has consolidated itself as the largest audiovisual content production event in Latin America, open to television and digital media industry. Days of intense negotiations and content presentation with the presence of producers and executives of the sector.
