

FEIRA IN-COSMETICS EUROPA 2017

04/04/2017 - 06/04/2017

Londres - Inglaterra

In-cosmetics Europe has earned its place as the main event for personal care ingredient manufacturers. The trade show takes place annually in one of three European cities: Barcelona, Hamburg or Paris. The trade shows for ingredient suppliers also feature seminars and discussions on technology and innovation and are often business events that also cover training for industry professionals.
