

JIS MIAMI SHOW

08/10/2017 - 11/10/2017

Miami - Estados Unidos

A traditional event with three yearly editions, we participate in the two most important: January and October. The event covers every segment, but has a particular focus on the silver, plated, and costume jewelry segments. It has a strong Latin American presence and is without a doubt one of the principal supply points for retailers from Florida, Mexico, the Caribbean, and Central and South America.

I WANT TO PARTICIPATE
