

FISE - FERIA INTERNACIONAL DEL SECTOR ELÉCTRICO

25/11/2017 - 27/11/2017

Medellín - Colômbia

FISE is a specialized and high-level academic and business event for exhibitors and visitors interested in the energy industry's policies, trends, visions, and challenges. It combines technological advances with a prospecting vision and provides spaces for interactions among participants. At the trade show, Brazilian companies will have the opportunity to showcase their products and services, participate in networking sessions, visit major players in the country, and take guided tours.
