

ROAD SHOW ARGENTINA

07/08/2017 - 10/08/2017

Buenos Aires - Argentina

The event is held after information is collected about the destination country and matchmaking is carried out for manufacturers, distributors, importers, and participating Brazilian companies. During the event, individual meetings are organized by participating companies and potential buyers to be held in their own facilities, replacing the networking sessions traditionally held in hotels.

I WANT TO PARTICIPATE
